VintageMac's S *Logo emblems – for the* S2000 *owner*

We now offer a beautiful new S logo car emblem to replace the Honda emblem on your *S2000*. Our emblem is beautiful stainless steel and has a recessed interior with a brushed finish. You can leave the recess as-is or use touchup paint to match your car. We also have the emblem with either RED or BLACK hard enamel already in the recessed area. The emblem will cover the existing holes in your hood and trunk lid and attaches with genuine 3M double-sided tape (included).

Our S logo lapel pin is top-quality cloisonné. The pin is "free-standing" in the shape of the S and measures 1" across. The pin edges are bright antique silver and the color fill is hard enamel. They have a rubber clutch fastener and are individually packaged.
